Pump House - Standard Condensing Guard

These weather protected, steel mesh guards offer protection to outdoor condensing units and externally located air source heat pumps against vandalism and accidental damage. All panels receive a powder coating, with a scratch resistant, textured finish in a colour (RAL 7032) to match most brands of condensing units and domestic air source heat pumps.

Features:

- **Unique sliding panel system.**
- **All panels can be removed for maintenance by unscrewing just four bolts.**
- **Additional bottom and back panels are available for stand alone / high wall options.**
- **All bolts are allen-headed for added security.**
- **Quick and easy to install and access for maintenance.**
- **Textured finish in (RAL 7032).**
